

Friends, Patriots, Countrymen, UNITE!

YES! Net Neutrality is essential to free speech.

Yes! Equal opportunity and economic innovation in America depends on it!

The Big Corporations DO NOT have the right to control the way we use the internet... We already pay for access to their lines and THAT is their business!

It is NOT their BUSINESS to regulate FREE SPEECH or to discriminate against Web sites that don't pay their added tolls.

This fundamental change would end the open Internet as we know it by giving corporations the right to censor and limit access to the internet in direct violation of your right to representation by elected officials.

It would severely damage everyone's ability to connect with others, share information and participate in our 21st century democracy and economy.

The FCC must ensure that broadband providers do not block, interfere with or discriminate against any lawful Internet traffic based on its ownership, source or destination.

It is the FCC's responsibility to PROTECT your rights as an American and as such, they CANNOT enact any rule that violates your constitutional rights or else the constitution holds them in contempt and finds such rules and regulations repugnant! It holds these rules and regulations NULL AND VOID, as though they had never been written!

These are some of the words in the Constitution that they seem to forget, whenever they start making new rules and regulations and only serves to enhance the financial bottom lines of the communications companies that foster these unconstitutional rules and Regulations.

I see this as a direct violation of MY 1st and 5th ammendment rights to free speach and the fundamentals of LIBERTY for all.

Big Corporationg have absolutely NO RIGHTS to limit MINE or anyone elses rights to free speech and liberty... they have NO RIGHT to charge any fees, nor does the government have the right to add a tax or any other charges in order to use any product or service without my/your explicit written consent, under "CONTRACT" according to the UCC.

Be it known that I REFUSE to be subjected to any contract to which I was NOT formally notified of and knowingly and voluntarily agreed to in writing under the Uniform Commerce Codes Section 1-207, et Sequence, Et al...

I will NOT PAY anybody any fees, charges or taxes for access to a service which was imposed as a result of any agreement between any parties or be subject to any contract to which I did NOT specifically agree to in writing.

I will pursue legal remedies in the appropriate court of competent jurisdiction to enforce my rights under the constitution for the United States of America.

I recommend that anyone who feels so inclined NOT to be so restricted by corporations that do absolutely NOTHING that is NOT in their best interest, to obtain and study a copy of the uniform commerce codes (federal AND STATE) and study it in order to know just exactly WHAT to do to protect YOUR interests in the free use and access to the internet( aside from your connection fees paid to your ISP ) and unrestricted access to ALL AREAS of the internet, no matter what, where, why or how you choose to access it and use it, (Providing you obey all other relative and JUST laws and regulations) and to WRITE LETTERS to their appropriate government representatives in CONGRESS and the house of Representatives.

Copies of the UCC are available on the NET... and this MIGHT be one of the first things to "DISAPPEAR" if the corporations have their way!

The UCC is the BEST and most authoritative "LAW", which the corporations MUST follow! If you use it in your fight for personal freedom at least as much as you use your MOUTH, you will have much better success in achieving your goal of keeping your rights intact and your liberty from being eroded by giant corporations who have ONLY their OWN interests in mind!

I know this because I have been offering a DVD which contains over 500 articles, links, websites, news and information pieces, on the LAW and have had so many people thank me for 'OPENING THEIR EYES' to this VAST and ominous conspiracy within the government to deceive you, the Citizen and exposed their outright and blatant attempts to revoke, or otherwise limit your rights under the constitution which I and others see as just another way to chisel away at your rights until you are just a subservient slave to the system.

I would like to send you a copy for your own information, education and edification. I have been selling about 300 copies a month for \$1,975.00...
